AN EARLY CHILDHOOD SYSTEM

How would you know a good early childhood system if you met one?

Basic Assumptions

- A cross-system plan without a cross-system budget is difficult to implement.

Early Childhood System Integration Budget

- Looks at resources for children less than age 5
 - Formatted by categories
 - Includes
 - description
 - source of funds
 - population served
 - geographic areas served

ECSIB

- No right answers
 - Simply shows the resources and programs in the priority areas
